

## **Notebooks Q&A**

### **Where can I download the latest Direct terminal?**

You can download the latest version of Morningstar Direct from this link

<https://www.morningstar.com/products/direct/download>

You might want to discuss with your I.T. if they are the ones running software installations.

### **Is Analytics Lab not available on AWD3.20.004?**

You need to be at least the version 3.20.0006. The latest version is 3.20.0009.

### **Can these notebooks be exported?**

The option to export is planned for the third quarter this year – to Excel, PDF and PPT formats.
